CONTINUATION OF THE NATIONAL EMERGENCY WITH RESPECT TO BURMA—MESSAGE FROM THE PRESIDENT OF THE UNITED STATES (H. DOC. NO. 109-110)

The SPEAKER pro tempore laid before the House the following message from the President of the United States; which was read and, together with the accompanying papers, without objection, referred to the Committee on International Relations and ordered to be printed:

To the Congress of the United States:

Section 202(d) of the National Emergencies Act (50 U.S.C. 1622(d)) provides

for the automatic termination of a national emergency unless, prior to the anniversary date of its declaration, the President publishes in the *Federal Register* and transmits to the Congress a notice stating that the emergency is to continue in effect beyond the anniversary date. I have sent the enclosed notice to the *Federal Register* for publication, which states that the Burma emergency is to continue beyond May 20, 2006, for publication. The most recent notice continuing this emergency was published in the *Federal Register* on May 18, 2005 (70 FR 28771).

The crisis between the United States and Burma arising from the actions and policies of the Government of Burma, including its policies of committing large-scale repression of the democratic opposition in Burma, that led to the declaration of a national emergency on May 20, 1997, has not been resolved. These actions and policies are hostile to U.S. interests and pose a continuing unusual and extraordinary threat to the national security and foreign policy of the United States. For this reason, I have determined that it is necessary to continue the national emergency with respect to Burma and maintain in force the sanctions against Burma to respond to this threat.

GEORGE W. BUSH.

THE WHITE HOUSE, May 18, 2006.
